

## *EDITORIAL FROM EDITOR-IN-CHIEF*

ISCA brings ISCA Journal of Engineering Sciences which is a free access international and multidisciplinary peer reviewed monthly journal. The journal aims to integrate contributions from scientists and engineers alike into a single source of information. This journal will be the main vehicle of presenting ideas and research work in the area of engineering.

It provides a forum for the exchange of information on the latest developments in various engineering disciplines. The journal provides a forum in which engineers obtain information about recent advances in engineering sciences and their successful implementation.

The journal aims to disseminate relevant fundamental and applied research work of high quality to the international community through efficient and rapid publication.

It welcomes the contribution of unpublished manuscripts, research paper, review papers, technical, mini review, short communication and articles from various areas of engineering.

Hoping for an overwhelming response to welcome this new journal.
